

# Hydraulic Gangplanks

MarQuipt *Hydraulic Gangplanks* are the pinnacle of yacht boarding convenience.

Straight, folding, telescoping, or folding-telescopic, our gangplanks can either mount to an existing swim platform, or retract into the hullside or transom.

- Length and width to fit your needs.
- Fully hydraulic or manual and hydraulic operation.
- Available functions: folding, telescoping, elevation, retraction/extension and rotation.
- Full function radio remote control available.
- Choice of non-skid, *Marinedeck 2000* composite decking, teak grating, or a teak decking walkway.
- Rope handrail both sides.
- Polished stainless steel hoop handrails optional.
- All marine grade construction includes stainless steel hydraulic lines, fittings and cylinders.
- All of our fabricated stainless steel components are passivated for maximum corrosion resistance.
- The power unit is completely self contained within the gangplank enclosure or, if you wish, the gangplank may be designed for incorporation into the ship's central hydraulic system.
- Available for new yacht construction or as a top quality retrofit.
