

Sea Ladders—

- Rigid welded anodized aluminum construction.
- Attractive, sturdy treads.
- Ladder treads available with white vinyl or teak insert tread plates, or Marinedeck 2000 composite decking surface.
- Yacht name may be added as an option.
- Mounts with our *Sea Stair* brackets.
- Standard width between the mounting ears is 19" which matches the width of our standard *Sea Stairs*.
- Also available in 24" widths for larger yachts - custom widths are available on request.
- Hinged and two-section take-apart options for easy handling and added versatility.
- Available without handrails if they would interfere with your vessel's existing railings.
- Secure stowage kits available.

Standard Lengths and Weights—

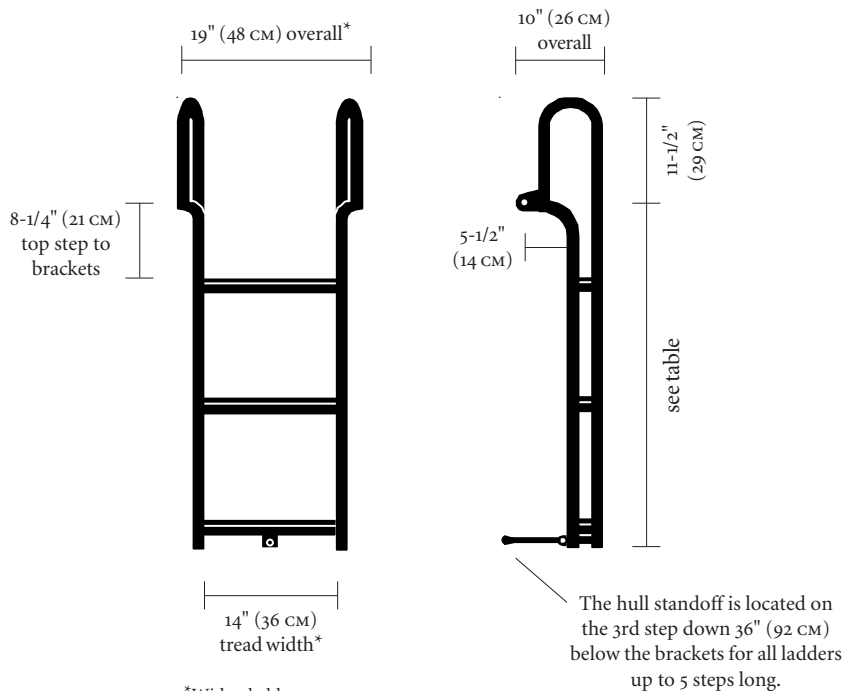

Number of steps:	Distance from mounting brackets to bottom of ladder:	Sowed length overall:	Weight:
3 steps	36-1/2" (93 CM)	51" (130 CM)	18 LBS (8 KG)
4 steps	49-1/2" (126 CM)	60-1/2" (154 CM)	21 LBS (10 KG)
5 steps	62-1/2" (159 CM)	73-1/2" (187 CM)	24 LBS (11 KG)

Longer lengths available.

Add 13" (33 CM) for each additional step.

Popular Options—

- Your yacht's name engraved in one of the treads.
- Secure stowage kits for rail or bulwark mounting.
- Stand-off extensions are available to maintain level tread surfaces at two different mounting locations along the hull.
- Two-section folding models for compact stowage and to provide two ladder lengths of your choice.
- Matching personalised step plates for the boarding area.
- Available without the hand rail loops above the brackets if they would interfere with your vessel's existing railings.

*Wider ladders are available on request.
