

SAILOR COMPACT

The Sailor Compact series is ideal for all sailing and motor boats as well as for superyachts and vessels requesting a considerable quantity of fresh water and the comfort of a microprocessor controlled, one-touch-operation system that can be switched to manual operation, if needed.

The Sailor Compact stands out for simplicity of use and high quality components like the stainless steel high pressure pump with solid ceramic plungers, the powder coated aluminium frame and

the TÜV certified corrosion free and lightweight carbon fiber pressure vessels.

The standard supply includes a full-featured, ready-to-install watermaker with manual pressure regulation and installation kit. On request, the system can be supplied with automatic membrane flushing.

Available in two configurations to ease the installation: compact and modular (Sailor Compact Slim version) for tight spaces.

LIGHTWEIGHT FRAME **NEW!**

- EASY USE
- SEMI-AUTOMATIC
- LOW NOISE OPERATION
- MODULAR CONFIGURATION AVAILABLE

TECHNICAL DATA

Model	Production per hour (litres / gallons)	Production per day (litres / gallons)	Voltage (Volt) / Frequency (Hz) Installed Power (kW)	Max Dimensions -L x W x H- (mm)	Weight (kg)
SAILOR COMPACT 400	70 / 18.5	1680 / 443	230 V AC - 50 Hz* - 1.1 kW	750 x 520 x 360	52
SAILOR COMPACT 600	100 / 26.4	2400 / 634	230 V AC - 50 Hz* - 1.1 kW	750 x 520 x 360	55
SAILOR COMPACT 1000	160 / 42.2	3840 / 1014	230 V AC - 50 Hz* - 2.2 kW	1170 x 520 x 360	64
SAILOR COMPACT 1500	220 / 58.1	5280 / 1395	230 V AC - 50 Hz* - 2.2 kW	1170 x 520 x 360	68
